Experience

- **Asya Design – IT Support Intern**
August 2024 – November 2024
 - I provided technical support and handled troubleshooting for the company's hardware and software issues.
- **Paranaque City College – Admin/Computer Programmer Intern**
February 2025 – April 2025
 - I independently developed the Document Process Flow System and single-handedly created the school's official website, which I continue to improve today.
- **Paranaque City College – Full-Time Faculty/Research Staff**
February 2025 – April 2025
 - I teach full-time, handle research work, maintain the school's official website, and I am currently developing the school's grading system.
